“Home Instead Senior Care has worked with Dementia Spotlight Foundation for a few years now....

They have provided respite vouchers for several Home Instead clients.

The help and assistance provided to these family members have been invaluable and greatly appreciated!

They are a terrific resource for families. They have very caring hearts and are quick to respond to their clients and to the care providers.”

“CarePatrol strongly supports The Dementia Spotlight Foundation and sponsors the Alzheimer’s Music fest because of the impact they have on local caregivers. From helping to fund respite care to dementia education for families, the foundation is an amazing resource for local families. The Music Fest is a great way to raise funds needed for these programs and engage the local community.”

“During the 2020 pandemic, Dementia Spotlight provided educational webinars each month for those of us who were confined to our facilities. They covered all topics for both patients and caregivers including presentations by young people living with early onset dementia. I have been caring for my husband, a physician with dementia for 10 years now. I have read almost every book on Dementia and Gary Joseph Leblanc’s books are the best. The webinars keep my heart and my mind active.”
"I want to tell you how much it means to me to be a part of Dementia Spotlight, with the current crisis of this devastating virus, this meeting on zoom has saved me! I started back earlier in the year and it was good for me because I have a husband who does not communicate with me unless it's in anger. I have felt so alone in this journey, but now the group is at a point to joke and laugh and that is so good for my heart and soul. Our situations and circumstances are different, but I always find something to relate to. Everyone is so good about listening and giving tips that have helped them and in turn they have all helped me. Thanks for your dedication, Dementia Spotlight Foundation!!!”  - Nancy
